To: Kristel Bibas

13 Apr at 8:26 AM

Good day!

Thank you for the submission but we would like to remind that hospitals will only submit the data on hospital infection rate during the **fourth quarter** (including the numerator and denominator for the said rate to facilitate consolidation). This will also be encoded through the URS only during the 4th quarter, kindly leave the 1st to 3rd quarter fields blank to avoid confusion.

Please acknowledge receipt.

Truly,
